This is to verify that your Electrical Contractor has followed the proper safety requirements of disconnecting power for work to be done, as afore mentioned, on your property. It is up to your Contractor to contact F.P.&L. to set this up in a timely fashion after obtaining your permit so there should be no extended disruption of power longer than necessary.

Electrical Inspections are ONLY scheduled for Tuesdays and Thursdays. Electrical finals must be approved before service can be reconnected. If your inspection is not approved, the appropriate corrections will need to be made and a reinspection will need to be rescheduled.

**THE TOWN OF PEMBROKE PARK NEITHER TURNS ON YOUR POWER,
NOR DO WE SCHEDULE YOUR POWER TO BE TURNED ON.
PLEASE CONTACT F.P.& L. FOR THIS INFORMATION.**
