Commercial Reroofing Statement for Existing Buildings

Contractor's Name: _____

Architect P.E. Roofing Contractor & License Number: _____ No Change

Job Address: _____

The following applicable statements, for low slope roof systems only are required to be completed when applying for commercial reroofing permit applications.

Is there any insulation in the existing roof system? yes no

If yes, then I attest that the insulation to be installed in the proposed roofing system shall have the same thickness and R-Value as the existing insulation. **Note: Structures built after March 15, 979 must comply with the Florida Energy Code.**

Architect P.E. Roofing Contractor & License Number: _____

Signature: _____ (required) No Change

I attest that the proposed roofing system is an exact replacement of the existing roofing system. I also attest that existing overflow drains and/or scuppers are sized so that no more than 5" of water will accumulate on any portion of this roof, should the primary drainage system blocked, 1616.3 FBC

Architect P.E. Roofing Contractor & License Number: _____

Signature: _____ (required) Change to the roofing system

Roofing permit applications in other than Group R-3 occupancy, involving a change in the roofing system and recovery applications must include signed and sealed calculations for the supporting structure, and statement as follows.

"I have reviewed the structural and drainage adequacy of the existing roof structure with regard to the proposed roofing system and hereby approve the installation as proposed."

Architect P.E. & License Number: _____

Signature: _____ (required)
